

ISSUE 59 – January 2023		
S.No.	Editorial Sections	Topics
1.	Healthcare Management	Nursing and Healthcare
		Regulatory Affairs
		Personalised Medicine
		Sustainability
2.	Medical Sciences	Contagious Diseases and Immunology
		Colorectal Cancer
		Stroke Rehabilitation
3.	Surgical Speciality	Minimally Invasive Surgery
		Cardiothoracic Surgery
		Surgical Risk
4.	Diagnostics	Point-of-Care Diagnostics
		Molecular Diagnostics
		IVD Diagnostics
5.	Technology, Equipment & Devices	Strengthening Health Systems
		Legal strategies of medical devices
		MedTech innovation
6.	Facilities & Operations Management	Quality and Care
		Emergency Medicine
		Supply Chain Leadership Dynamics
7.	Information Technology	IoT-based Health Monitoring System
		Medical informatics
		Artificial Intelligence & Machine Learning
		Cybersecurity in Healthcare

Note: This editorial calendar is subject to change without notice.

ISSUE 60 – April 2023		
S.No.	Editorial Sections	Topics
1.	Healthcare Management	Patient-centered care
		Sustainable Health
		Regenerative Medicine
2.	Medical Sciences	Anaesthesia & Critical Care
		Cardio-Oncology
		Lifestyle Medicine
3.	Surgical Specialty	Robotics and Computer Assisted Surgery
		Neurosurgery
4.	Diagnostics	Diagnostic Immunology
		In Vitro Diagnostics
		Future Diagnostics
5.	Technology, Equipment & Devices	OR Equipment & Furniture
		Medical Device Security
		Disruptive Innovation
6.	Facilities & Operations Management	Ambulatory and Emergency Services
		Supply Chain Resilience
		Green hospitals
7.	Information Technology	Wearable Technology
		Digital Phenotyping
		Cloud-Based Quality Management Systems
		Data and Technology
		IoMT devices

Note: This editorial calendar is subject to change without notice.

ISSUE 61 – July 2023		
S.No.	Editorial Sections	Topics
1.	Healthcare Management	Advanced Healthcare
		Quality Management
		Medical Ethics
2.	Medical Sciences	Cancer Care
		Chronic Diseases
		Preventive Health Behavior
3.	Surgical Speciality	Preventable Adverse Events in Surgical Care
		Robotic-assisted Surgery
4.	Diagnostics	Cardiovascular Imaging
		Digital Pathology
		Reimaging Diagnostics
5.	Technology, Equipment & Devices	Medical device innovation
		Health Tech Space
		Medical Device & Equipment Design & Equipment Design
6.	Facilities & Operations Management	Infectious Diseases
		Primary Healthcare
		Rescue & Emergency Care
		Designing Future Hospitals
		Supply Chain Disruptions
7.	Information Technology	Data & Operations
		Virtual Health
		Smart Technologies
		Medical Records and Statistics

Note: This editorial calendar is subject to change without notice.

ISSUE 62 – October 2023		
S.No.	Editorial Sections	Topics
1.	Healthcare Management	Pain Management
		Patient-centred Care
		Healthcare Policies
		Revolutionising Healthcare
2.	Medical Sciences	Anaesthesia and Pain Management
		Precision Medicine
		Post-stroke Rehabilitation
3.	Surgical Speciality	Lasers in Surgery
		Surgical Robotics
4.	Diagnostics	Echo Revolution
		Cardiac Imaging & Radiology
5.	Technology, Equipment & Devices	MEDICAL DEVICE SUPPLY CHAIN RESILIENCE
		REGULATORY COMPLIANCE
		Reusable Medical Devices
6.	Facilities & Operations Management	Palliativecare
		ICU care
		Patient Safety & Risk Management
		Supply Chain & Logistics
7.	Information Technology	Digital Transformation
		3D- Animations in Global Healthcare
		eHealth
		Macro Trends in Health IT

Note: This editorial calendar is subject to change without notice.
